EXPERIENCES PROFESSIONNELLES

juil. 2022 / oct. 2022

Officier de navigation

La Méridionale

Officier de navigation.

Officier médical sur ferry entre Marseille et Ajaccio.

janv. 2022 / févr. 2022

Delivery Captain

MY FINESSE

Delivery from Turkey to Dubai.

juin 2021 / août 2021

Safety Officer

PV L'AUSTRAL

In charge of all safety related matters on board including drills and reports.

oct. 2018 / mars 2021

Trainer / Mini-ISM

Hemisphere Crew

I created a mini-ism system and procedures for a maritime consultancy office and also contributed to lessons as a trainer / instructor for a nautical school in Nice, training, revalidation of pleasure boat licenses (coastal / offshore) and professional (Captain 500 GT and Engineers 750 kW). Additionally to that, I practised as Private English and Mathematics Teacher with remedial lessons given at home for primary and secondary levels students.

avr. 2004 / août 2018

Master & Chief Officer

Various Ships

I operated onboard various vessels and companies and endorsed all responsibilities related to the Captain's roles. I orchestrated the vessel's operations and maintenance as per standards, statutory, flag and Class requirements. As a Senior Officer with a passion for new technologies, I've always been confident using different navigation systems and bridge equipment. My duties include managing the vessel's ISM system, maintenance, drydock and project planning. I supervised ballast conditions, drydock planning, project preparations and maritime operations. As a team player, I ensure that the communications with the client are professional and efficient.

févr. 2003 / mai 2003

Chief Officer

MODU Wind

A contract on scene in front of the Belgian Coast to start with installation of Wind Turbines. This experience gave me the opportunity to study and understand more about wind-powered systems, equipment and locations.

févr. 1997 / juil. 2002

Deck Officer

Interorient Navigation

I worked for the same company onboard containerships on worldwide navigation (Atlantic & Indian Oceans crossings, Australia...). I started as Apprentice Officer and reached Chief Mate's position. As Chief Officer, I lead several deckcrew from mixed nationalities, was in charge of ISM, Medical Care, Navigation, Ship's Stability, General Maintenance, and responsible for loading and discharging cargoes, in the highest professional way.

CENTRES D'INTERETS

Sudoku puzzles: Best way to chill with mind games, I can solve them up to "Hard Level".
Reading books: Time is passing fast reading biographies, adventures or historical stories.
Cycling: Not racing but mainly to practice some exercise, deep breathe and clear my mind.
