Construction Manager / Project Manager / Senior Construction Superintendent - Mechanical-Piping, Sénior

EXPERIENCES PROFESSIONNELLES

févr. 2022 / aujourd'hui **Senior Construction Manager**

Christof Global Industries GMBH-JCR Christof Services, Rijeka, Croatia
Senior Construction Manager Feb 2022 – Present
Christof Global Industries GMBH-JCR Christof Services, Rijeka, Croatia
Client: INA Refinery, Rijeka, Croatia
Contractor: Kinetic Technology-Maire Tecnimont SpA.
Project: Upgrading INA Refinery, Rijeka, Croatia.
Planning, organizing, managing, coordinating and supervising construction activities: pre-fabrication, erection, installation, work packs, test packs, testing, punch listing, reinstatement, pre-commissioning, mechanical completion, ITR signed off for INA Refinery, upgrading project. Reviewing and approving MIR, Method Statements, Execution Drawings, P & ID, Red Line Mark-up Drawings, Test Packs, NDT plan, HSE plan.

sept. 2020 / janv. 2020 **Construction Projects Manager Consultant**

NIC&GE Executive Ltd, Bucharest, Romania
Construction Projects Manager Consultant Sept 2020 – Jan 2022
NIC&GE Executive Ltd, Bucharest, Romania
Planning, budgeting, organizing, managing, coordinating and supervising construction activities for small to medium sized, Industrial and Civil Projects, Maintenance Projects, Services Projects.
Execution and assembly, testing and mechanical completion of light to medium-heavy structures, of industrial and civil metal structure, stadium grandstands, stadium covers, escape stairs, escape routes, railings, parapets, metal ladders, metal walkways, industrial shelves.
Review and approve Plot Plans and Layout Plans, GA, Execution DWG, ISO's, P&ID's; Method Statements, Procedures and Specifications; Procurement of materials for all projects; Deployment of necessary workforce for each project; Claims for payment; HSE, QA & QC, Internal Audit.

janv. 2020 / juin 2020 **General Manager**

Inetrnational Ship Repiar Fze, Fujairah, UAE
General Manager Jan 2020 – Jun 2020 International Ship Repair, Fujairah, UAE
Clients: Emirates Steel Abu Dhabi – Shutdown Project; Sea King, Maersk Santana, Yuan – Ship's Repair Projects, in Dubai Dry Dock; EPC Ras Al Khaimah - Yard Development Project.
Planning, budgeting, organizing, managing, coordinating and supervising construction activities – pit stop, shutdown, demolition, ship-repair, new steel constructions, yard development projects.

Working in a fast-paced high-pressure environment with the ability to consistently meet deadlines
Working alone, as part of a team or in a supervisory capacity and have an excellent ability to manage own workload within time allocated.
Supporting organization in all elements of health, safety, security and environmental aspects

juin 2019 / déc. 2019 **Mechanical Coordinator**

SPIE Oil & Gas Services, Malongo, Cabinda, Angola
Mechanical Coordinator June 2019 – Dec 2019 SPIE Oil & Gas Services Cabinda, Angola

Client: CHEVRON, Malongo, Cabinda, Angola / Block 1, Block 14
Planning, organizing, managing, coordinating and supervising greenfield and brownfield fabrication – Pit stop, Shutdown, Turnaround for Offshore Platforms, FPSO's.
Project's worth USD 150 to 300 million, with 300 blue and white collar, dedicated manpower for construction activities. Excellent communication skills at all levels while remaining dedicated to ensuring understanding the company requirements and procedures.

oct. 2018 / juin 2019

Construction Manager

SPORT Teams Ltd, Bucharest, Romania

Construction Manager Oct 2018 – June 2019

Sport Teams Ltd Bucharest, Romania

Organizing, managing, coordinating and supervising construction activities for small to medium sized, Industrial and Civil Projects. Fabrication, assembly and mechanical completion of light to medium metal structures. Review and approve Layout Plans, GA, Execution DWG, ISO's; Method Statements, Procedures, Specifications; Project materials and equipment; Deployment of necessary workforce for the project; Claims for payment; HSE, QA & QC, Internal Audit.

nov. 2017 / juil. 2018

Senior Construction Superintendent - HOD Piping

Maire Tecnimont SpA-Petronas, Pengerang, Johor Baharu, Malaysia

Senior Construction Superintendent - HOD Piping

Nov 2017 – July 2018

Maire Tecnimont Spa-PETRONAS, Pengerang, Johor Bahru, Malaysia

Client: PETRONAS, Project – RAPID, Package 27, FLEXI High Density Polyethylene Plant.

Reviewing and approving MIR, Method Statements, Execution Drawings, P & ID, Red Line Mark-up Drawings, Test Packs, NDT plan, HSE plan, Claims for Payment, Subcontractors Activity Reports, related at piping activity on contractors and subcontractor's fabrication site, workshops and plant

Identifying and prioritizing for fabrication, NDT, MPI, coating, erection, installation, testing,

mechanical completion of 12.500 pipe spools, in excess of 300.000 inches (CS, LTCS, SS, Cu-Ni, GRVE), accordingly - manifolds, pipe shoes and pipe support. Daily, visit on site plant, fabrication site and fabrication workshops. Daily piping production meeting with subcontractors and client and coordination meeting with all subcontractors and client. Attending weekly data base meeting with subcontractors, client and monthly review meeting with subcontractors and client. HSES, QA & QC and HR Audit in subcontractor's site plant, fabrication site and workshops. Project worth USD 500 million, with 400 staff, dedicated manpower for piping activities.

sept. 2015 / sept. 2017

Construction Manager

Sports Tems Ltd, Bucharest, Romania

Construction Manager Sept 2015 – Sept 2017

SPORT TEAMS LTD, Bucharest, Romania

Planning, budgeting, organizing, managing, coordinating and supervising construction activities for small to medium sized, Industrial and Civil Projects, Maintenance Projects, Services Projects.

Fabrication, assembly, testing and mechanical completion of light to medium metal structures, of industrial and civil projects. Review and approve Layout Plans, GA, Execution DWG, ISO's, P&ID;

Method Statements, Procedures and Specifications;

Procurement of project materials and equipment;

Deployment of necessary workforce for the project;

Claims for payment; HSE, QA & QC, Internal Audit.

mars 2014 / juil. 2015

Construction Superintendent Piping

Niger Dock, Snake Island, Lagos, Nigeria

Construction Superintendent Piping March 2014 – July 2015 NIGERDOCK PLC. Snake Island, Lagos, Nigeria

Clients: CHEVRON Nigeria and TOTAL Nigeria

Projects: Construction of Jackets, Offshore Bridges, Production Offshore Platforms and Processing Offshore Platforms for CHEVRON Nigeria and TOTAL Nigeria

Planning, organizing, managing, coordinating and supervising construction mechanical-piping activities in, CHEVRON Nigeria, DSO MEREN and SONAM Projects - offshore bridges: Flare Bridge, Flare Tower, PP Bridge, LQ Bridge; offshore jacket; processing offshore platform.

Established workflows, procedures and specifications with coordination and supervision between construction mechanical-piping department and engineering-design, procurement, client, project management in TOTAL – OFON Phase 2 for two Well Head, production offshore platforms.

Project's worth USD 800 million using 500 people, dedicated manpower for mechanical-piping construction activities.

nov. 2011 / nov. 2013

Construction Superintendent Piping

Lamprell Energy Ltd, Jebel Ali, Dubai, UAE

Construction Superintendent Piping

Nov 2011 – Nov 2013

Lamprell Energy Ltd. Jebel Ali, Dubai, UAE

Client: Fred Olsen, Project: Wind Career 2, Self-propelled and Self-elevated Barge, new structure.

Client: Nexen Petroleum UK, Projects: Well Head, processing offshore platforms and PUQ, Production Unit Quarter, production offshore platforms.

Planning, organizing, managing, coordinating and supervising construction mechanical-piping activities - fabrication, erection and installation of 25.000 pipe spools, of 15.000 pipe supports, installation of 12.000 valves, 2000 test packs tested, in excess of 150 tanks tested.

Deployment of necessary workforce for the project, with 500 people, dedicated manpower in all three projects. Projects worth up to USD 1 billion,

avr. 2011 / nov. 2011

Yard Construction Manager

QGM Group LLC, Hamriah Free Zone, Sharjah

Yard Construction Manager April 2011 – Nov 2011

QGM GROUP LLC, Hamriah Free Zone, Sharjah, UAE

Defined job descriptions and workflows. Established and implemented schedule, according to priorities, plus a strong safety-oriented culture for completion of ongoing projects: Heron & Leighton Eclipse Barges - repair, refurbishment, revamping and upgrading projects; 5 nos. Boat Landing - new structures; 7 nos. LER - new structures; 1 no. FY Living Quarter - new structure.

Repair, Maintenance and Service activities for Marine Division; approve schedule, man power mobilization and demobilization, equipment, tools for Offshore Projects. Yard development project - relocation and re-arrangement of containers, of metal and wooden scrap; of ongoing projects, materials and sub-assemblies. Gaining 70.000sqm of clear yard out of 100.000 sqm of yard, for the future EPC Oil & Gas projects. Project's worth USD 100 to 300 million with in excess of 500 staff, for the yard construction activities

janv. 2010 / mai 2011

Construction Manager

SARM Metal Mob Ltd, Bucharest, Romania

Construction Manager Jan 2010 – April 2011

SARM METAL MOB LTD. Bucharest, Romania

Planning, budgeting, organizing, managing, coordinating and supervising construction activities for small to medium sized, Industrial and Civil Projects, Maintenance Projects, Services Projects.

Execution and assembly, testing and mechanical completion of light to medium-heavy structures, of industrial and civil metal structure projects. Review and approve Layout Plans, GA, Execution DWG, ISO's, P&ID's; Method Statements, Procedures and Specifications; Procurement of project materials and equipment; Deployment of necessary workforce for the project; Claims for payment; HSE, QA & QC, Internal Audit.

janv. 2008 / nov. 2009

Construction Superintendent Piping

Lamprell Energy Ltd, Jebel Ali, Dubai, UAE

Construction Superintendent Piping Jan 2008 – Dec 2009

LAMPRELL ENERGY LTD, Jebel Ali, Dubai, UAE

Clients: CHEVRON Upstream Brazil, Construction of 7 nos. FPSO Top Side Modules and FPSO Conversion Projects; BASS DRILL MANAGEMENT USA – Drilling Medium Tender Barge Project.

Fabrication, erection, installation and testing of 30.000 pipe spools, 15.000 pipe supports and pipe shoes, 14.000 valves, 5.000 test packs tested, 50 tanks tested, in three large Oil & Gas EPC turnkey projects worth, up to USD 1 billion

Completed CHEVRON FPSO-FRADE, 7 nos. Top Side Modules: 01 - Test/Production Separation, 02 - Second Stage Separation, 03 – Main Gas Compression A, 04 – Main Gas Compression B, 06 – Gas Treatment, 11 – Power Generation 1; 12 – Power Generation 2.

Completed CHEVRON FPSO-FRADE, Conversion Project.

Completed construction of Bass Drill Alpha, offshore medium drilling tender barge project

In excess of 10 million manhours without LTI, in three major Oil & Gas EPC turnkey projects worth, up to USD 1 billion, with in excess of 500 staff for mechanical-piping construction activities

janv. 2006 / juil. 2007

Senior Construction Superintendent - HOD Piping

QGM Group LLC, Hamriah Free Zone, Sharjah, UAE

Senior Construction Superintendent - HOD Piping Jan 2006 – Jul 2007

QGM GROUP LLC. Hamriah Free Zone, Sharjah, UAE,

Client: Thule Drilling

Planning, budgeting, organizing, managing, coordinating and supervising construction mechanical-piping activities on three large Oil & Gas EPC turnkey projects:

Thule Power, Thule Force, Thule Energy - repair, refurbishment, upgrading and new structures - jack up drilling rigs projects

Reviewing and approving MIR, Method Statements, Execution Drawings, P & ID, Red Line Mark-up Drawings, Test Packs, NDT plan, HSE plan,

Fabrication, erection, installation and testing of 20.000 pipe spools, 14.000 pipe supports and pipe-shoes, 12.000 valves, 4.000 test packs, with achieving 10 million man-hours without LTI.

Project's worth up to USD 800 million, using in excess of 500 staff, dedicated manpower

janv. 2004 / oct. 2005

Senior Construction Supervisor Piping

SDEM Enterprises SA, Constantine, Algeria

Senior Construction Supervisor Piping Apr 2004 – Oct 2005

SDEM ENTREPRISES SA, Constantine, Algeria

Organize, manage, coordinate and supervise piping construction activities for construction of a Governmental Gas Plant in Algeria, project worth USD 300 million with dedicated manpower of 200 peoples.

janv. 2002 / déc. 2003

Construction Superintendent

SARM Metal Mob Ltd, Bucharest, Romania

Construction Superintendent Jan 2002 – Dec 2003

SARM Metal Mob. Ltd, Bucharest, Romania

Planning, organize, manage coordinate and supervise construction activities for small to medium sized Industrial and Civil projects for Service, Repair and Maintenance projects

oct. 2000 / déc. 2001

Senior Construction Supervisor Piping

Romvec Industries, Litvinov, Czech Republic

Senior Construction Supervisor Piping Oct. 2000 – Dec 2001

Romvec Industry – Litvinov, Czech Republic

Organize, coordinate and supervise piping construction activities: fabrication, erection, installation for construction of Foster Wheeler, Oil Refinery in Litvinov, Czech Republic in a project worth up to USD 500 million and dedicated manpower of 300 people.

avr. 1990 / août 2000

Owner-General Manager

Adrian Eximco Ltd, Bucharest, Romania

Owner-General Manager Apr 1990 – Aug 2000

ADRIAN ExImCo Ltd Bucharest, Romania

Planning, budgeting, organize, manage, coordinate and supervise construction activities for small to medium sized - Industrial and Civil Projects; Shipbuilding Projects; Repair, Refurbishment, Revamping and Upgrading Projects; Service and Maintenance Projects.

mars 1986 / août 1997

Construction Supervisor

Polytechnic Institute Bucharest, Bucharest, Romania

Construction Supervisor March 1986 – Aug 1997

Polytechnic Institute Bucharest, Romania

Receive research paper work, procedures, specifications and drawings from universities.

Fabrication and testing of "zero" series and launching in fabrication of prototypes.

Training, directing and coaching students in practical activities of small to medium sized industrial construction projects

oct. 1980 / mars 1986

Fabricator, Fitter, Welder, Foreman

Military District - Heavy Industry Shipbuilding, Mangalia, Romania

Fabricator, Fitter, Welder, Foreman Oct 1980 – March 1986

Military District – Heavy Industry Shipbuilding, Mangalia, Constanta, Romania

Shipbuilding construction activities for Military District - fabrication, welding, erection and installation of heavy and light structure, pipe spools, pipe supports, manifolds, valves for repair, refurbishment, revamping and upgrading projects.

DIPLOMES ET FORMATIONS

avr. 2021 / avr. 2024

CERTIFIED PMI / PMP®, PROJECT MANAGEMENT PROFESSIONAL, PMBOOK 6, - BAC+2

juil. 2019 / mars 2024	CERTIFIED OFFSHORE SURVIVAL TRAINING - PST/WST, Personal Survival Techniques / water Super Training - BAC+1 OMITC - Operatec Marine & Industrial Training Centre, Cabinda, Angola
juil. 2019 / juil. 2023	CERTIFIED OFFSHORE SURVIVAL TRAINING - BT, Travel by Boat, Boat Transfer - BAC+1 OMITC - Operatec Marine and Industrial Training Centre, Cabinda, Angola
juil. 2019 / juin 2023	CERTIFIED OFFSHORE SURVIVAL TRAINING - HUET, Helicopter Underwater Escape Training - BAC+1 OMITC - Operatec Marine & Industrial Training Centre, Cabinda, Angola
juil. 2019 / juil. 2021	CERTIFIED OFFSHORE SURVIVAL TRAINING - CSE, Confined Space Entry - BAC+1 OMITC - Operatec Marine & Industrial Training Centre, Cabinda, Angola
juil. 2019 / juil. 2021	CERTIFIED OFFSHORE SURVIVAL TRAINING - H2S, Hydrogen Sulfide - BAC+1 OMITC - Operatec Marine & Industrial Training Centre, Cabinda, Angola
sept. 2020 / sept. 2020	Course PMI / PMP® , Project Management Professional, PM Book 6 - BAC+1 PMI / PMP®, PM ACCESS, Bucharest, Romania
déc. 2016 / déc. 2016	Certified ISO 14001:2015, ISO 19011:2011 – Internal Auditor Environmental Management System - BAC+1 TUV Austria Romania, Bucharest, Romania
nov. 2016 / nov. 2016	Certified OHSAS 18001:2008, ISO 19011:2011 – Internal Auditor Occupational Health and Safety Management System - BAC+1 TUV Austria Romania, Bucharest, Romania
août 2016 / août 2016	Certified ISO 9001:2015 – Quality Management System Specialist - BAC+1 TUV Austria Romania, Bucharest, Romania
mai 2016 / août 2016	Certified NEBOSH IGC GC 3 – Health and Safety Practical Application, - BAC+1 Class Training, Bucharest, Romania
sept. 2015 / avr. 2016	Associated Degree Diploma MEC - Manager Entrepreneurial Competences - BAC+2 Eurocor Institute Holland Romania, Bucharest, Romania
oct. 2012 / nov. 2012	Course PMI / PMP® - Project Management Professional, PM Book 4 - BAC+1 PMI / PMP®, Cambridge Educational Institute, Dubai, UAE
déc. 1981 / déc. 1982	Post Graduation - Diploma Mechanical Engineering – Mechanical, Piping, Structure, Welding - BAC+2 Military District – Heavy Industry Shipbuilding, Mangalia, Constanta, Romania
sept. 1976 / juil. 1980	Diploma Mechanical Engineering– Mechanical, Piping, Structure, Welding. - BAC College Technical / High School – Heavy Industry Shipbuilding, Mangalia, Constanta, Romania

COMPETENCES

• I am a proactive, self-motivated, resilient, problem solver, with a first-class can-do attitude and a result-oriented mindset Construction Manager, Project Manager, Senior Construction Superintendent, Mechanical-Piping with in excess of 37 years of work within Heavy Industry, Oil & Gas, Petrochemical, Onshore / Offshore Constructions, Shipbuilding, Energy, including 22 years of extensive expertise within EPC, Lump Sum, Onshore, Offshore, Greenfield, Brownfield international projects.

- Using an extensive international experience in construction management, with managing multiple priorities and parallel tasks for projects valued of hundreds of millions of dollars, I am in search of a challenging, long-term role, in a dynamic and successful organization, that values passion, positivity, integrity and hard work.
- Individual hardworking, well organized, technically astute, professional, dedicated, with proven track record, with an excellent attitude to work and ability to adapt to new situations - confidently and efficiently, as they arise.

I am working flexibly to accommodate the changing needs of the business, working additional hours, assuming on additional tasks.

With my drive, determination and enthusiasm, I bring positivity and energy to the workplace and have proved an ability to work well in a team, being open to any task I receive.

A conscientious and pragmatic team player with a demonstrated ability to contribute effectively within the workforce.

I work well as part of a team, whilst also possessing the discipline and self-motivation required to work autonomously.

- Planning, Budgeting, Organizing, Managing, Coordinating, Supervising, Multidisciplinary Construction Activities - Fabrication, Erection, Installation, Testing, Punch Listing, Reinstatement, Flange Management, Pre-commissioning, Mechanical Completion, ITR Signed Off, Load Out, Handover.
- Mechanical, Piping, Structure, Welding (PWHT, NDT, MPI), Coating (Blasting, Painting, Wrapping), Rigging, Scaffolding, Civil Works, Pipelines, Underground.
- MIR, Plot and Layout Plans, GA, ISO's, P&ID's, Execution Drawings, AS Build, Red Line Mark-up Drawings, Method Statements, Procedures, Specifications, Codes and Standards.
- Engineering, QA & QC, HSE, Construction Scheduling, Internal Audit.
- Certified PMI / PMP®, Certified NEBOSH IGC GC 3, Certified OHSAS 18001-2008, Certified ISO 9001-2015, Certified ISO 14001-2015, Certified ISO 19011-2011, CERTIFIED OFFSHORE SURVIVAL TRAINING - HUET, PST/WST, BT, CSE, H2S;
- Multilingual, with excellent command in English, advanced in Russian, experienced in French and Italian, native in Romanian;
- Romanian Driving License – A, B, C, D, E.
- UAE Driving License – B
- The knowledge, experience and maturity gained in numerous international missions is proved by portfolio of projects completed, of which I enumerate the construction of:
Jack up Drilling Rigs, FPSO's Top Side Modules, FPSO's Conversion, Production and Process Offshore Platforms: Well Heads, PUQ-Production Unit Quarter, Offshore Jackets, Offshore Bridges, Self-Propelled and Self-Elevated Barges, Drilling Tender Barges, Offshore Living Quarters, Boat Landings, LER's, Ship-building and Ship-repair, Oil Refinery, Gas Plant, HDPE-High Density Polyethylene Plant, Site Development; Pit-stop, Shutdown, Turnaround projects.
