EXPERIENCES PROFESSIONNELLES

janv. 2018 / aujourd'hui **Pilote maritime**

Entreprise Portuaire de Skikda

On & off LNG ships at Algerian company "Hyproc" (see sea service), during this period I occupied all the positions and vacancies (3rd, 2nd & 1st Officer), accumulated a good experience at task handling and ship maintaining during sea going and port operations, ensured the compliance to company quality system, standards and policies participating at various emergency situation handling. Also in charge of safety checks and assessment, nautical documents update, voyage planning and appraisal, medical chest and care, and a various number of company jobs to handle accordingly depending on the vacancy proposed at each contract.

After obtaining Chief Officers Certification, and collecting more than six months of experience, an opportunity opened up to join a harbor pilot position in Skikda port (Algeria), which I'm currently occupying since January 2018.
